Summary

1. With over 27 years of experience in the apparel and fashion industry, I am a passionate and dedicated leader in garment technology and quality management. I currently serve as the Assistant General Manager of Garment Technology & Quality and the Brand Tech Manager for American Eagle at Kenpark Bangladesh, a leading garment manufacturing company.

In this dual role, I oversee the quality assurance processes, apparel design, sewing, and styling for AEO, one of Kenpark's major clients. I also lead a fully Levi QMP certified team of garment technologists and quality professionals, ensuring compliance with global standards and customer requirements. I am committed to delivering excellence, innovation, and sustainability in every aspect of my work. I hold an MBA from the University of Gloucestershire, a Lean Six Sigma Black Belt certification, and a membership in Leaders Excellence at Harvard Square.
